

Business Analyst at Ultrabulk Shipping A/S

Would you like to work in an international environment where you have influence on the strategic development of our company? Then this may be the position you are looking for.

The Job

As a talented and ambitious Business Analyst at Ultrabulk Shipping A/S, you will provide high quality analytical and financial sparring to our business unit Ultrabulk Shipping A/S. In this role, you will create business insights by structuring large amounts of financial and non-financial data into business relevant analyses that support strategy and decision making. You will have a broad variety of strategically important tasks within the company and the main deliverables will include; preparation for board meetings, forecasting, budgeting and reporting. Further to this, you will challenge existing analyses and suggest new ways of looking at our business with the purpose of delivering increased value and drive business performance.

Your Profile

- Preferably you have a financial background from Copenhagen Business School with good academic results
- It is imperative that you have an interest for big data and high level analytical skills and you can convey complex results in a simple manner
- You are independent and a self-starter who can proactively identify the core of the business needs and challenge status quo
- Our environment is fast paced, wherefore you must have a sense of urgency and at the same time excellent attention to detail - without missing the overall picture
- You appreciate working in a multicultural environment and as English is our corporate language, fluency in English is a prerequisite
- Excellent MS Office skills, in particular Excel (Superuser)

What we offer

- A unique possibility to join a highly International and challenging shipping environment
- A company in growth, where you can influence the strategic direction
- An opportunity to advise decision makers and unfold your analytical skills
